### The Reason hit makers in town

**T**heir 2004 hit *The Reason* propelled them up the charts and made them one of the most-listened-to American Rock Bands. Of their seven albums, the latest one, *Fight or Flight*, released last year. Hoobastank is already in India for their three city India tour, having finished their performance at Pune. Lead guitarist Dan Estrin says, "The India experience has been good so far.

We had a day off in Mumbai which was great. We got to go sightseeing. The Pune crowd was great! The fans had so much energy and passion. It's great being here." What can their fans in Bangalore expect? He says he wouldn't want to reveal too much before adding, "It will be a high-octane concert with some familiar songs." After their concert in Bangalore, they would "love to get out

and explore, see things, learn about stuff, meet people, eat food and take some great photos" concludes Dan.
